# SPIDERTECH

Specification Sheet

ST- Led Channel 1

This Spidertech aluminum LED Channel # 1 is the perfect solution for installations in hard-to-reach spaces, thanks to its slim design and innovative mounting system. Below are the key features:

- Material : High-quality aluminum for excellent heat dissipation and durability.
- Compact design : Its slim structure makes it ideal for areas with limited space, ensuring a precise fit anywhere.
- Integrated Hook & Loop system : Features an integrated Hook & Loop system for quick and easy installation, with no additional tools required.
- Easy maintenance : The LED Channel can be easily removed and reinstalled, perfect for situations with minimal access.
- Compatibility : Compatible with all standard LED strips.
- Modern aesthetic : Provides a clean and professional look by concealing the LED strips and distributing light evenly.

This product is the ideal choice for those seeking efficient and stylish installation in challenging spaces without compromising on quality or design.
