Specification Sheet

ST- Led Channel 2

This Spidertech taller aluminum LED Channel # 2 is designed to offer superior light diffusion while maintaining ease of installation

- Material: Premium aluminum for optimal heat dissipation and long-lasting performance.
- Taller design: Its slightly higher profile enhances light diffusion, providing a more uniform glow across the installation area.
- Integrated Hook & Loop system: Equipped with a Hook & Loop system for effortless installation, eliminating the need for additional tools.
- Easy maintenance: The channel can be quickly removed and reinstalled, making it perfect for locations with restricted access.
- Compatibility: Suitable for use with all standard LED strips.
- Enhanced diffusion: The taller design ensures better light distribution, minimizing hotspots and providing a smooth, even lighting effect.

This LED Channel is ideal for projects that require superior lighting quality, combining functionality with an elegant look.
